

## 9U Instructions

					
<p>1. Find the band that is one of the outside bands. It will be flat on one side and rounded on the other. The top of it will have a half moon shape. Hold between your thumb and forefinger.</p>	<p>2. Bring band from the opposite side on the bottom with your right hand and place next to band.</p>	<p>3. Bring one more band up from each side.</p>	<p>4. Find the band that is stamped "Jose" and grasp it between the thumb and forefinger of your right hand letting the original 4 bands fall to one side.</p>	<p>5. Bring the band from behind the "Jose" band up and place it behind the "Jose" band. The two should fit together</p>	<p>6. Place bands remaining on the bottom together and bring them up towards you so that the four bands are parallel.</p>
					
<p>7. Holding bands in your left hand between your thumb and forefinger turn clockwise.</p>	<p>8. Continue turning bands until you have completed a 180-degree rotation</p>	<p>9. The bands should fit together holding the remaining 4 bands in place making an "x" if you turn the ring over.</p>	<p>10. Take the first two bands on the side facing you and rotate the bands until the irregular shaped part is on the inside of the ring</p>	<p>11. When you have completed the rotation, be sure that the "V" shaped part on the inside of the ring is over the remaining loose bands.</p>	<p>12. Bring bands up and they will fit next to the other bands.</p>
